Notes:

- This map was developed as a draft working reference map for the Putney Planning Commission to support their work in updating the Putney Town Plan, and in particular, examining the features in the Rural Residential land use district.

- Data sources include those from the Windham Regional Commission, Cartographic Technologies, Inc. (the town's parcel mapping contractor), and the Vermont Center for Geographic Information.

- The data used for these maps is in many cases generalized and/or approximate. Detailed review of some of these data has not occurred, and on-site investigation is required to verify the accuracy of these data.
